## TROUBADOUR

Daytime Parisian cafe and bakery (with naturally fermented bread) becomes an intimate 20-seat bistro for Le Diner. Chef-inspired 6-course French menu celebrates Sonoma's rich agriculture on gorgeous antique plates. For groups of 8-12 people a private dining room offers a medieval-inspired "Behind the King's Table" prix fixe dinner with optional wine pairings. Utilizing the freshest seasonal ingredients, the chefs create a unique, decadent menu with an abundance of breads and cheese across the entire table along with grapes and tomatoes on the vine. Outside of Paris we haven't found anything like this prix fixe dinner!

# Where to Wine Taste this Harvest Season

## FLOWERS VINEYARDS

**WHY WE LOVE IT:** The Minimalist and modern architecture with floor to ceiling windows, residential-style spaces and expansive terraced gardens will have you wanting to stay all day. Their grapes are unique to the land they farm and its coastal proximity, resulting in wines with nuance, complexity, and fresh coastal minerality. We recommend the Estate Vineyard Immersion, an in-depth tasting of estate Chardonnay and Pinot Noir from the extreme coastal sites is accompanied by seasonal pairing bites crafted by the House of Flowers culinary team.
